NCS LICENSE

Issued to

FLOORWORX

Licensed NCS Partner since August, 2009.

NCS Colour AB is hereby honoured to grant the rights to refer to NCS as a colour language and to explore the benefits offered by this system.

NCS - Natural Colour System[®] is a global industrial standard for communicating colour. NCS was created to improve colour communication and open up an efficient platform for accurate colour use. The goal of the company behind it, NCS Colour AB, remains the same, to help you get the colour right from idea to reality, regardless of material.

Stockholm February 28, 2018

In testimony whereof

A handwritten signature in blue ink, appearing to read 'Elin Askfelt', is written over a solid black horizontal line.
