**SUGGESTED SPECIFICATION**

Supply and fix 2.6mm thick x 20m wide sarlon® Sparkling 15dB acoustic heterogeneous vinyl sheeting with STAIN PROTECT surface finish, manufactured in accordance with EN 651 and laid in FloorworX No. 62 acrylic adhesive which has been spread using a trowel fitted with a TKB A2 trowel on a previously prepared Class 1 sub-floor in accordance with SANS 10070, using a reliable Self-Leveller when required, including all cutting and waste. sarlon® Sparkling sheeting must be rolled in both directions with an articulated 68kg three-sectional roller immediately after it has been laid into the adhesive. Joins must be butted, grooved and heat welded using the manufacturer's colour matched multi-colour welding rod, ensuring that the welding rod bonds to more than 70% of the sheet thickness.
